

# CAMPUS Study

## The Complementary and Alternative Medicines Perception and Use in Cancer Patients Study

Nutrition Biomed Research Institute (NBRI) is recruiting participants to answer a survey on the use of *Complementary and Alternative Medicines* and we need:

- People over the age of 18
- People with cancer, undergoing treatment
- Cancer survivors

### What does participation entail?

Answer a 10-minute anonymous & voluntary online survey at the link below:

[\*\*CLICK HERE TO ACCESS SURVEY\*\*](#)

We want to know who is using these complementary and alternative therapies, why they are using them, what their experiences have been, and anything else that may help us understand more about this choice of treatment.
